# ABOUT THE STATE

Happenings of Interest From Different Sections.

Six mild cases of diphtheria appeared in Brattleboro last week.

Fifty families in Springfield are afflicted with whooping cough.

John Hannigan had one arm crushed above the elbow at the Woodbury quarries last week, when a stone fell on him from a grout box.

Dana Comstock got his left hand caught in a corn husk which he was using in Acuteing recently, and it was so badly mangled it had to be taken off at the wrist.

While digging potatoes in his garden in West Brattleboro recently Fred H. Wilder found a Spanish silver coin, about the size of an American half-dollar, bearing the date 1781.

The Jones & Lamson company of Springfield shipped 80 turret lathes during the month of October. These machines sold for from \$1,200 to \$1,500. Over 300 workmen are employed at the four shops owned by the company.

The dwelling house, store and barn of G. N. Baldwin at Monkton Ridge was burned to the ground Friday night. Mr. Baldwin only succeeded in saving the safe, a few household articles, also the horses and wagons. The family barely escaped, losing all their clothing. The cause of the fire is unknown.

While trying to pull a fox, caught in a trap, out of the bushes, Earl Fisk of Clarendon was shot in the left arm near the shoulder, the gun being accidentally discharged. Mr. Fisk did not realize he had been shot until some time after. The bullet went through the fleshy part of his arm.

Thomas Lyons, formerly of Rutland but now of Comstock, N. Y., was killed in the latter place Saturday night by a train. Lyons, with other men, was walking on the track and stepped off as the train went by, stepping back just in time to be struck by a second train, which none of the men had heard. He died in a few minutes.

Two electric cars on the Poultney division of the Rutland Railway, Light & Power company collided Saturday and Sunday. The cars were going in the same direction, a work car trailing a passenger. The only reason given for the accident is that the work car was following too near the other. All the men concerned have been temporarily suspended, pending an investigation of the affair.

Wesley Morrill, a descendant of John Morrill who came from England in 1640 and settled in the wilderness of New Hampshire, has just died in Middletown, N. Y., at the age of 91 years. In the fifties, Wesley Morrill was a merchant in Brandon, this state, and equipped peddlers' wagons, sending them over the country to exchange the articles for wool. He did a large business and one of his peddlers was Jim Gould, the owner of the Erie railroad.

Angelo Hilari, an Italian of Hardwick, enraged because Mrs. Peter Peduzzi would not take him to board, threw a quantity of sulphuric acid into her face, Thursday, burning one side of her face, one ear and a portion of her neck and chest. She will probably recover, but will be disfigured for life. Hilari was a former boarder at the Peduzzi home, and it is said Mr. Peduzzi became jealous and ordered him out. Mr. Peduzzi is now in Italy and since his departure, it is alleged that Hilari has annoyed Mrs. Peduzzi by frequent requests to take him back as a boarder. Following a last request for board, and being refused by the woman he threw the acid in her face. He then tried to stab and started toward St. Johnsbury, but was caught by officers between Neweyville and West Danville and is confined in the lockup.

**GOVERNOR'S PROCLAMATION.**

It Designates Thursday, November 28, as Day of Thanksgiving.

Governor Fletcher has issued the following Thanksgiving proclamation:

State of Vermont, by Allen M. Fletcher, governor, a proclamation:

Facilities being afforded our forefathers who, after the toil and strife of their harvest, assembled to rejoice in the fruit of their labors and to give thanks to God for the mercies and blessings of the year, I, Allen M. Fletcher, governor, do set apart as a day of Thanksgiving for the people of Vermont Thursday, the twenty-eighth day of this November.

Let us meet that day in our churches and homes to remember the bounty of our harvest, the peace, health and prosperity of our state, and the enduring spirit of our civil and religious liberties.

Then with grateful hearts let us give praise and thanks to God for his manifold gifts, and in love and charity share our blessings with our fellow men.

Given under my hand and the great seal of the state, this ninth day of November, in the year of our Lord one thousand nine hundred and twelve, and of the independence of the United States the one hundred and thirty-seventh.

Allen M. Fletcher.

Warner A. Graham, Secretary of Civil and Military Affairs.

**Flagged Train With Shirt.**

Tearing his shirt from his back, an Ohio flagman flagged a train and saved it from a wreck at St. Albans, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at the Red Cross Pharmacy—Adv.

# FOR CONSTIPATION

A Medicine That Does Not Cost Anything Unless It Cures.

The active medicinal ingredient of Resall Orderlies is a comparatively new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Resall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

Unlike other preparations for a like purpose, they do not create a habit, but instead they act to overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic and permanently to remove the cause of constipation or irregular bowel action.

We will refund your money without argument if they do not do as we say. They will. Two sizes, 25c and 10c. Sold only at our store—The Resall Store, Red Cross Pharmacy, 160 North Main Street, Barre.

**SEVERAL INFORMATIONS FILED**

Against Alleged Offenders in Chittenden County Court.

Burlington, Nov. 13.—An information has been filed in Chittenden county court against Edward Murray of Williston, charging forgery by raising an order on the Winooski Savings bank. It is charged that Murray was in lawful possession of an order on the bank mentioned for \$425 payable to himself and signed by E. J. Cary & Son, the date being November 1, 1912, and that on November 5 he altered the word "fourteen" to "ten," so it read "fourteen," and inserted before the figure "4" the figure "1," which made the figures "14," the work when completed making the order read for \$1425. Murray has already pleaded guilty to the charge and will be sentenced later.

Information has also been filed against Louis Lapoint and William Deslauriers, both of Bolton, who have been in jail some time following their arrest at Essex Junction on the charge of robbing a freight car on the Central Vermont railway. The men were arrested by Officer Denag at the instance of Sheriff Allen, the night the car was entered. The charge against them is burglary on October 8 of car numbered "New Haven 22037," and the theft of one machine gun and two pairs of shoes, the property in transit of B. L. Shaw.

An information has also been filed against Venus Burwell, the colored woman, accused of slashing the face of Ida Holmes, another colored woman, with a pocket knife, at the Sam Franklin resort in Colchester. The charge against the Burwell girl is breach of the peace.

Jacob E. Cooper of Sheldon, a laborer, has filed a petition in bankruptcy with Clerk F. S. Platt of the United States court. He gives his liabilities at \$282.70 and his assets as \$117.65, all claimed exempt.

For Rheumatism, Sciatica or Neuritis

But every good physician must keep abreast of the times. The success of his practice and the relief of his patients depend on his knowledge of the latest pharmaceutical preparations.

The best physicians, those that are most successful in the treatment of their patients, are generous enough, big-minded enough, to prescribe compounds that were discovered by their practice, and provided those compounds have stood the test.

Neuritis is such a preparation. It was compounded from the prescription of a practicing physician and is entirely free from narcotics and opiates.

Neuritis quickly relieves the most excruciating rheumatic pains. It prevents them from reappearing with infrequent weather.

Go to your druggist, let him explain it to you and show you what it has done. Trade your miserable aches and pains to us for a box of this great relief.
